*Dear Joachim:*

I want to thank you for allowing us to hold the screening of KINDERTRANSPORT at your beautiful multiplex in Berlin. Your manager and staff were outstanding, both from a service and attitude perspective. Also, I happened to have the great honor of speaking with a good friend of yours, Chancellor Schroeder. As you may know, he made a wonderful speech at the premiere recommending the film for German schools. Much to our surprise and great satisfaction, he came to the cocktail party after the screening and spent time talking to us. He asked me if I knew you, and I replied that of course I did, and that Warner Bros. had tried to "steal" you in our early days of exhibition. Clearly he has a great deal of fondness and respect for you. I share with him both those sentiments. Again, I wanted to thank you and say you have a friend in a very high place!

Very best regards,
